NMP-2007-3 1.2 Mass Customisation

See legend at the end of the table for meaning of abbreviations & other explanations

N°	Country	EoI proposer	Title/ Acronym	Customer interface	Supply chain management	Design-Production link	Auto-mated production	Pilot demonstrator	Industry involvement	EU Dimension/ Consortium	Other remarks
1	Belgium	Centexbel	MC value chain	W	G	F	N	N	F	N	More focus on customer interface & production innovation Pilot demonstrator to be defined Improvement of industry involvement & EU dimension
2	France	IFTH	Intellifab	N	N	N	W	N	N	W	EoI seems too material property focussed & does not address the main targeted research areas Pilot demonstrator to be defined Industry involvement & EU dimension need improvement
3	Italy	Filatura Marchi	Smart textiles	N	N	N	W	N	W	N	EoI seems too material property focussed & does not address the main targeted research areas Pilot demonstrator to be defined Industry involvement & EU dimension need improvement Potential for such project in FP7 ICT program to be investigated

N°	Country	EoI proposer	Title/ Acronym	Customer interface	Supply chain management	Design-Production link	Auto-mated production	Pilot demonstrator	Industry involvement	EU Dimension/ Consortium	Other remarks
4	Netherlands	TNO	Fit & size	N	N	W	N	N	F	W	Too narrow approach missing the major targeted research areas Pilot demonstrator to be defined Industry involvement & EU dimension need improvement
5	Romania	CERTEX	Disintertex	N	N	N	N	N	N	N	Out of scope of the call
6	Romania	CERTEX	IODOVIC	N	N	N	N	N	N	N	Out of scope of the call
7	Romania	CERTEX	Arheotex	N	N	N	N	N	N	N	Out of scope of the call
8	Romania	CERTEX	Culturetex	N	N	N	N	N	N	N	Out of scope of the call
9	Romania	CERTEX	Veticament	N	N	N	N	N	N	N	Out of scope of the call
10	Switzerland	Lucerne School Art/Design	P2P	N	N	F	F	N	W	N	More focus on customer interface & supply chain management needed Pilot demonstrator to be defined Industry involvement & EU dimension need improvement
11	Switzerland	Lucerne School Art/Design	Design tech elements	W	N	F	N	N	N	N	More focus on customer interface, supply chain management and production issues needed Pilot demonstrator to be defined Industry involvement & EU dimension need improvement

N°	Country	EoI proposer	Title/ Acronym	Customer interface	Supply chain management	Design-Production link	Auto-mated production	Pilot demonstrator	Industry involvement	EU Dimension/ Consortium	Other remarks
EoI's received after 28th February deadline											
12	Germany	DITF-MR	eMC	G	G	W	F	N	W	W	More focus on design-production link needed Pilot demonstrator to be defined Industry involvement & EU dimension need improvement
13	Italy	Piacenza	Cufrides	G	G	G	W	N	F	N	More focus on production issues needed Pilot demonstrator to be defined Industry involvement & EU dimension need improvement

Legend:

All EoI's have been individually discussed during the ETP Governing Council meeting (15 March).

Discussions focussed on the presence of the 4 innovation elements targeted by the call text: (1) innovation in customer involvement and interfaces, (2) improved supply chain information/data exchange, (3) innovation in customised design-production links and (4) innovation at the production site enabling efficient, automated small batch manufacturing. In addition the description of a pilot demonstrator and the existence of a strong industry involvement and a true European dimension of the consortium were assessed.

Recommendations have been solely made on the basis of information provided in the EoI form.

EoI's are listed in alphabetic order of the country of origin of the proposer.

Abbreviations:

G=good, F=fair, W=weak, N=non-existent/lack of information
